

from ye myddys of September vnto ye myddys of December is open tyme of plantynge and yet from ye
myddys of January vnto ye myddys of March is open tyme of gode to chese whan ye wyne is very vny-
er up dayer eke before plene lune; **xxi** **xxii** **xxiii** **xxiiii** **xxv** dayer after ye comynge
ye is gode to graffe in or in dayer before ye change
ye for plantynge of al man thyng ye day of ye change ye scone and ye in ben
ye best dayer

Plante a fette of welsh in ye erth in a longe
 make hole enclonge, in whar dyffyr put smale
 plantynge enen to fonde inste in ye dyffyr
 and noon ower tree shal peryshe yat if planted in
 alwe ye bramchis with a sharpe sawe and to
 make a bare place ye quarte of yf fynyge brude
 hit fast with mosse as ye doo in graftynge and
 And ye next yer ye may enlpynde it and set
 tyme / if goodnesse of a gode staffe
 Take longe roddys dyffr and sette hm in a myr
 many dayes, And than a none yowen apphelmasse
 ye erth and so sette hm growe and in eyn
 yl ye next yer / Than sawe of eyn knotte
 ye may haue a fyny gardyne without cofte
 Slys fny als of trees sette in tyme of yer
 Take ye harde peppys of rosie yat ben ripe, a
 whan yey sprynge delte hm wel with war
 delve a borne ye roses ye space of an hund
 So mayste yf haue rosie tynny.
 Bynde Onyon rede or leke seed in a fofte lym
 in fyny depe, So shal thay wege greet
 Grafte on an holme tree a graffe of an
